

# **ADVANTAGE**

**Therapy Centers**

To Our Medicare Patient:

Welcome to our facility. As a participating Medicare provider, we accept what Medicare pays on your services. However, Medicare only pays 80% of the allowed amount on each service provided to you. The patient is responsible, by law, to pay the 20% balance if they do not have a supplemental insurance.

We understand that you may be on a fixed income. If you cannot afford to pay your balance in full, please call Cheryl at our billing office at 856-424-2000 to arrange a payment plan.

Advantage Therapy is committed to providing you with state of the art equipment and excellent personal service.

Thank you for choosing Advantage Therapy for your healthcare needs.
