

# **ADVANTAGE**

## **Therapy Centers**

**Welcome to Advantage Therapy Centers! Congratulations on taking the first step towards improving the quality of your life. Attached is the paperwork that needs to be completed prior to your initial evaluation with our clinicians. If you have any questions, or need assistance with this paperwork, please do not hesitate to call our facility.**

**Let me explain a little bit about who we are and what we do here at Advantage Therapy Centers. Our Comprehensive Outpatient Rehabilitation Facilities utilize a multi-disciplinary team of Physicians and Clinicians to provide Pulmonary Rehabilitation. You will be meeting with our Clinicians and Program Coordinator to help manage your condition and greatly improve the quality of your life. Our staff will work together to design an individualized program for you that will allow you to work towards your goals at your own pace.**

**Generally, your first visit will be with the Program Coordinator and one of our Therapists. We encourage you to bring your spouse or a family member during your initial visit so that they too understand the program and can help to assist you in achieving your goals. We offer both morning and afternoon appointments. You will be coming 3 days a week for at least 2 hours, for approximately 12 weeks, depending on your progress. We have found that this schedule offers the maximum benefit for our patients that have been diagnosed with a lung disease.**

**We have been taking care of patients that suffer from breathing disorders for over 18 years and our reputation for excellent care is based upon the results we achieve with our patients. Once you have completed our program, you will feel so much better and find it much easier to manage and cope with your breathing problems.**

**If applicable, please remember to bring your prescription from your referring physician, a referral from your primary care doctor, your insurance card(s), and your co-pay.**

**Thank you for choosing Advantage Therapy Centers! We look forward to caring for you!**
