

ADVANTAGE

Therapy Centers

Complete this form if Medicare is your Primary Insurance Carrier

To our Medicare patient:

Welcome to our facility. As a participating Medicare provider, we accept what Medicare pays on your services. However, Medicare only pays 80% of the allowed amount on each service provided to you. It is the patient's responsible by law to pay the 20% coinsurance if they do not have a supplemental insurance policy.

Advantage Therapy is committed to providing you with the finest level of care despite your financial situation. If you cannot afford to pay your balance in full, please contact our billing office at 856-840-0700 to arrange a payment plan.

Thank you for choosing Advantage Therapy Centers for your healthcare needs.
